

TREND Kill GHOSTS

PRESS KIT 2022

BIOGRAPHY

Brazilian power metal band **Trend Kill Ghosts** has been gaining notoriety in the national and international media. Their debut album, *"Kill your Ghosts"*, released in July 2019, has received reviews from specialized media and features guest appearances by **Ralf Scheepers** (*Primal Fear, ex-Gamma Ray*) on **"Ghost's Revolution"**, **Raphael Dantas** (*SoulSpell, Ego Absence*) and **Lúcia Ricardo** (*ex-EvenDusk*) on *"Promise"*. To promote the album, the band was invited to be the support band of artists such as **WASP, ACCEPT, UDO** and **Symphony X**, as well as presenting the South American tour with the band **Elvenking**. Due to the *COVID-19* pandemic, the concerts were rescheduled for 2022 and now dedicated to promoting the second studio album *"When the sun rise again"*, and also adding **Angra** and **Ripper Owens** (*ex-Judas Priest/Solo*) as part of the shows of the new tour, which already has more than 6 countries in two continents.

To promote the new album, two singles were released: *"Phoenix"* and *"Poisoned Soul"*, the latter featuring vocalist **Marina La Torraca** (*Phantom Elite, Exit Eden and Avantasia*) which was also released as a lyric video.

With great production and investment, the album was released on November 18th independently and will feature appearances by **Roland Grapow** (*Masterplan/Ex-Helloween*), **Elisa C. Martin** (*Dark Moor, Dreamaker and Fairyland*) and the aforementioned **Marina La Torraca**.

Formed in 2018, the band focuses on **power metal**, carrying a message through music to inspire people to **"kill their ghosts"** and to pursue and never give up on their goals and dreams. The band has as references several Power metal icons such as **Gamma Ray, Helloween, Avantasia, Edguy, Savatage** and **Stratovarius**.
